Panel Discussion of the immediate issues before us in the 2017 Session. What is our Plan when HB's 6074 -6086 are back on the table in February.

Q&A to follow the Panel discussion.

*Positive Relationships with legislators and representatives at all levels is the Key to success. Must enlist the aid and target the people that can promote our agenda through 'early' and routine meetings, presentations and regular communications.

*Public Relations voice and/or high profile spokesperson, knowledgeable about our issues and promote them at every opportunity. The need to educate the public and or representatives at all levels.

*Establish a 'legislation watch committee" so things don't fall through the cracks. One on One...Get in front of the issues as they go into committee. Not after it's on its way to a vote.

*Establish a "resource team" experienced in the fields of labor contract negotiations, financial and legal experts, including persons with knowledge of the history of the entity in questions.
